(i) In the event that the undertaking is to honor by delivery of an item of value other than money, the savings association should ensure that market fluctuations that affect the value of the item will not cause the savings association to assume undue market risk;

(ii) In the event that the undertaking provides for automatic renewal, the terms for renewal should allow the savings association to make any necessary credit assessment prior to renewal;

(iii) In the event that a savings association issues an undertaking for its own account, the underlying transaction for which it is issued must be within the savings association's authority and comply with any safety and soundness requirements applicable to that transaction.

(3) *Operational expertise.* The savings association should possess operational expertise that is commensurate with the sophistication of its letter of credit or independent undertaking activities.

(4) *Documentation.* The savings association must accurately reflect its letters of credit or approved undertakings in its records, including any acceptance or deferred payment or other absolute obligation arising out of its contingent undertaking.
